DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

3. Claims 31,32, and 37 are rejected under 35 U.S.C. 102(b) as being anticipated by Verega(4,274,231), as applied in the office action filed August 08, 2005.

- In addition, as seen in figure 5, Verega can be considered to have an outer radial extent neighboring an outside circumference at 36, since the area to the right of numeral 36 and to the left of numeral 37 in figure 5 is an outer radial extent which has a 20-40% convex section.

Response to Arguments

4. Applicant's arguments filed November 10, 2005 have been fully considered but they are not persuasive.

- As stated above, Verega can be considered to have an outer radial extent neighboring an outside circumference at 36, since the area to the right of numeral 36 and to the left of numeral 37 in figure 5 is an outer radial extent which has a 20-40% convex section.

Allowable Subject Matter

Art Unit: 3724

5. Claims 2, and 24-26 are allowed.

6. Claims 33-36, and 38 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
